

# Table of Contents

- Some items in the Table of Contents are indicated as “updated.” This means that these policies and procedures (P&Ps) have been updated since the previous edition of *PolicySource*. These changes reflect updates in Joint Commission standards and elements of performance for ambulatory care and office-based surgery accreditation. **Note:** All P&Ps have been updated to improve accessibility.
- Those items with a paperclip icon  are not P&Ps themselves but supplementary materials or attachments for a particular P&P. Not every P&P has such attachments, but that does not prohibit someone using *PolicySource* to create their own ancillary materials for any of their own P&Ps.
