

One-stop access to JCR's online education and publication portfolio!

Learning Made More Convenient & Accessible

The Digital Learning Center is an easy-to-use, virtual-learning service provided to health care organizations with a paid, annual subscription. This premium subscription gives unlimited access to all the content contained on the Joint Commission Resources (JCR) platform. Learn from the experts, access the newest content and educate your quality team in the most convenient way possible.

A single subscription provides unlimited access to all your staff. Get access to webinars, videos, select digital newsletters and e-books and more – all in one location. It also includes full access to all *PolicySource™* health care settings – for hospitals, critical access hospitals, home care, behavioral health care and human services, and ambulatory care. Get up to speed quickly on the latest Joint Commission standards updates.

FEATURES

Substantial savings vs. purchasing resources individually

Learn from content regularly updated by subject matter experts

Earn continuing education credits upon completion of various sessions

Receive monthly alerts when new and updated items are available

WHAT'S INCLUDED?

What's Included in the DLC

The DLC includes JCR digital content such as webinars and videos, and exclusive content bundles addressing hot topics such as environment of care/life safety and infection prevention and control, as well as curated content from a variety of trusted e-books. It also includes full access to PolicySource, JCR's repository of policy and procedure templates. **Click here** for a comprehensive listing of the content including in the DLC.
