

BIO for Jeffrey Casale

Jeffrey Casale, Associate Vice President Support Services Saratoga Hospital

Jeffrey Casale is currently the Associate Vice President of Support Services & Operations for Saratoga Hospital, an affiliate of the Albany Med Health System located in Saratoga Springs New York. He has worked for Saratoga Hospital for over 36 years with an extensive background and experience in Engineering and Plant operations. In his current position he provides leadership for Facility Operations, Emergency Preparedness, Public Safety, Project & Property Management, Environmental and Food/Nutritional Services.

Jeffrey is the current President and a founding member of the Eastern New York Society for Healthcare Engineers (ENYSHE) and a member of America Society for Healthcare Engineering (ASHE).

Jeffrey enjoys developing leaders and being able to work collaboratively by sharing his experiences with all the disciplines in healthcare with a focus on education around process improvement and safety within the organization.
