Please note the following:

- Some items in the Table of Contents are indicated as “updated” or “new.” This means that these policies and procedures (P&Ps) have been updated or created since the previous year’s edition of *PolicySource*. These changes are made to reflect updates in the Joint Commission standards and elements of performance for the home care accreditation program.
- Those items with a paperclip icon  are not P&Ps themselves but supplementary materials or attachments for a particular P&P. Not every P&P has such attachments, but that does not prohibit someone using *PolicySource* to create their own ancillary materials for any of their own P&Ps.
