

Robert Campbell, PharmD, BCSCP
Senior Director, Standards Interpretation, Accreditation Decision
Management, and Medication Safety

Robert Campbell, PharmD, BCSCP, currently serves as the Senior Director, Standards Interpretation, Accreditation Decision Management and Medication Safety at The Joint Commission. In this role, Dr. Campbell is responsible for providing oversight for the interpretation of all Joint Commission standards in all Accreditation programs. In addition, he is responsible for the oversight of post-survey processes related to accreditation decisions. He functions as the subject matter expert for medication safety related topics through providing guidance for the development, revision, and interpretation of medication safety related standards.

Dr. Campbell continues to function as a Surveyor for The Joint Commission in the Hospital Accreditation and Critical Access Hospital Accreditation Programs, as well as a Reviewer in the Medication Compounding Certification Program to assess compliance with accreditation and certification program standards. He is a member of the Accreditation Council for The Joint Commission and the Co-Chair of the National Coordinating Council for Medication Error Reporting and Prevention. He was also appointed to the Compounded Sterile Preparations Pharmacy Specialty Council of the Board of Pharmacy Specialties for the 2024-2026 term.

Prior to joining The Joint Commission, Dr. Campbell worked in health care organizations and held leadership positions with oversight responsibilities for performance improvement, accreditation readiness, risk management, infection control, medical staff services, and inpatient and outpatient pharmacy services.

Dr. Campbell received a Doctor of Pharmacy from Florida A&M University in Tallahassee, FL. He is Board Certified in Compounded Sterile Preparations by the Board of Pharmacy Specialties and is licensed as a Registered Pharmacist in Florida. In addition, he holds a Green Belt in Six Sigma.
